# NEW TAX INCREASE ASKED BY PRESIDENT

## Reds Assailed For Failure to Protect POWs

**Red Cross Officials Barred from Camps By Commie Chief**

MUNSAN, Jan. 16—(P)—The United Nations Command charged Wednesday that Communists in Korea "violate every provision" of the Geneva Convention protecting prisoners of war camps from the hazards of war.

The charge came from headquarters in Tokyo in comment on a Red report that UN planes bombed a POW camp at Kangdong Monday night. The statement said the question would be raised with the Communists "at the earliest opportunity."

Panmunjom negotiators still are deadlocked on how to exchange prisoners and what will be done with Red airfields during an armistice.

The Communists denied two International Red Cross representatives permission to enter North Korea. Dr. Otto Legner, chief Far East delegate of the international committee of the Red Cross, had flown to Panmunjom with Albert de Cocatrix seeking permission.

**NORTH KOREAN Maj. Gen. Lee** the prisoner subcommittee, ignored the two Swiss. A minor officer gave them the same reply the Reds have made to previous requests to let Red Cross representatives visit POW camps: "No."

Red China's official Peiping radio accused the Allies of trying "to keep Korea in a chronic state of war" to "create international tension." It asserted the UN Command would "have to bear full responsibility for all the consequences" if negotiators fail to agree on an armistice.

In Panmunjom Chinese Maj. Gen. Hsieh Fang said the Reds' latest counterproposal for supervising a truce prohibits importation of war planes during a truce and therefore guarantees against a buildup of Red air strength.

But he side-stepped a direct answer to a repeated question from Maj. Gen. Claude Ferenbaugh: Did that mean the Reds would not increase "military air capabilities during an armistice?" Each time Hsieh replied with a question of his own.

In the prisoner subcommittee session the Reds revised the casualty figure from Monday night's reported bombing of Kangdong to 20 captured UN troops killed, 14 seriously injured and 40 hurt slightly. The original report was more than 10 killed and 60 injured. The Reds have said they held 1,591 South Koreans and one American at Kangdong.

## FIGHTING FROZEN UP

SEOUL, Jan. 16—(P)—Out-numbered U. S. F-86 Sabrejets damaged two Communist Mig-15s Wednesday in two flashing air battles high over Northwest Korea.

Infantrymen huddled in their foxholes as subfreezing weather covered the 145-mile battlefield. Action was confined to small raiding operations.

## Meanderings

By Wash Fayette

Ernest Allen already is smacking his lips with thoughts of a great big breakfast of just one egg, but it's a great big one, too.

He thinks—and who is there to dispute it—the 9-ounce jumbo is one of the heaviest laid by a hen hereabouts.

He said "we get double eggs nearly every day and have found some with one whole egg inside of another, but we never got one like this."

The whooper found in the hen house measured 9½ inches in circumference one way and 8 inches the other.

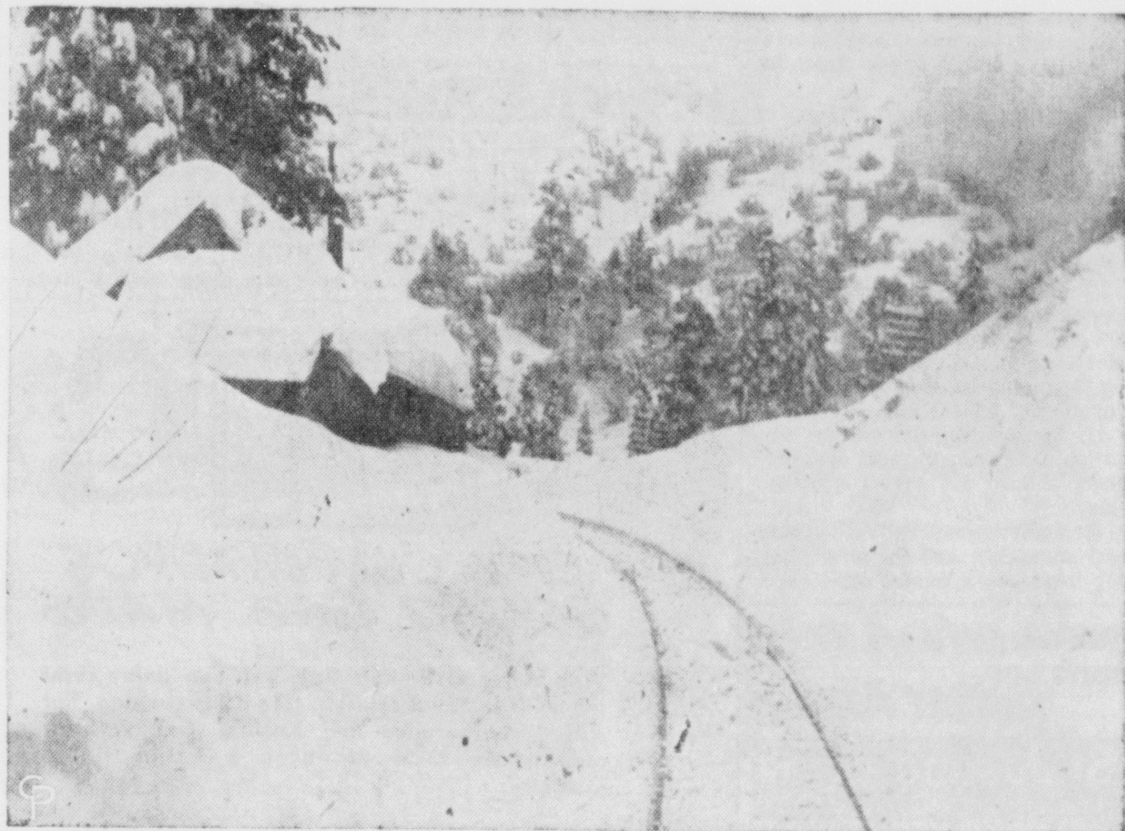

It was laid by a white rock hen. It had to be because that's the only kind of chickens on the Allen farm up on the Jamestown pike near West Lancaster.

The Allens "always have had chickens" as a part of the overall farm program, but the poultry business is not considered as a sideline. There are about 150 purebred white rocks in the flock now.

Mr. Allen, confined to his home by illness, is going to postpone his big egg breakfast for a few days. He wants to show off the giant from the hen house to his friends first.

## Passengers Recover from Gas Fumes

# Rescue Nears Train Stalled in Snow

CREWS FIGHT SNOW DRIFTS TO REACH TRAPPED TRAIN—This scene, taken from a Southern Pacific work train, shows the Blue Canyon station, just below Emigrant Gap, where relief trains are battling to rescue 222 persons aboard the snow-blocked City of San Francisco in the blizzard-swept Sierra mountains. Twenty-seven persons aboard the Chicago-to-San Francisco streamliner were reported "stretcher cases." Three babies, one of them reported ill, were among the passengers. (International Soundphoto)

## Irrked Newsman-Taxpayer Asks

# Whose Government Is This?

By JAMES MARLOW  
WASHINGTON, Jan. 16—(P)—Me, I get confused. "We the people..." it says right here in the Constitution.

"We the people..." it says, meaning, I take it, we the people own the government. I guess that includes me because I pay taxes, too. But sometimes I wonder. Sometimes I ask myself: Just whose government do the politicians think this is?

I know politicians run the government. Guys like me elect them. I don't like them much. Never have. Too many of them get too big for their britches. Every time guys like me elect them it's like using a bicycle pump on them. It puffs them up.

But I guess I haven't got too much right to complain. Somebody's got to run the government. So guys like me elect them to take care of the details while I make a living. Of course, they make a pretty good living off my living.

That's all right so long as they remember who's paying them

and the government belongs to guys like me, as well as to them. Something just came up to make me think. This talk about stealing in the government. Internal revenue, particularly. Burns me up. Guys playing around with my money.

"Clean 'em out," I says. And I really mean clean 'em out. So President Truman sends a

plan to Congress to make internal revenue cheaper to run and cut down on the chances for stealing.

Nobody been talking louder about cleaning out internal revenue than Congress.

Now, all of a sudden, Congress gets a big chill. It begins to look like a man who suddenly got a

## Taft Now 3 to 1 Shot Over Ike in GOP Poll

SAN FRANCISCO, Jan. 16—(P)—Sen. Robert A. Taft of Ohio is a three-to-one choice over Gen. Dwight D. Eisenhower for the Republican presidential nomination among GOP national committee members willing to express an opinion.

A poll of the 98 members who represent the 48 states disclosed: Of 43 willing to state how they stand, 31 favor Taft; nine support Eisenhower, two are for Gov. Warren of California, and one backs Harold E. Stassen. Members are arriving for a national committee meeting beginning Thursday. Western regional GOP officials planned to study their own problems Wednesday.

## Ironton Promised Cleanup of Vice

IRONTON, Jan. 16—(P)—Every vice house in Ironton will be padlocked, City Solicitor Homer Edlows promised Tuesday, adding "I wouldn't be a bit surprised to see some new faces in the police department."

Edwards made the promise in the wake of a story by Reporter Don Perry of the Huntington, W. Va., Herald-Dispatch that he (Perry) bought illegal whisky, gambled and was propositioned by a street walker early Sunday morning without shouting distance of Ironton police headquarters. Local police reported last Friday that the city's red light district was "all dark."

## British Reject Ouster Ordered by Iran

TEHRAN, Jan. 16—(P)—Britain has bluntly rejected an Iranian demand to close all nine British consulates in the country by Monday. The Iranians made the demand Saturday in a note accusing Britain of "interference of British government officials in the domestic affairs of Iran." Premier Mohammad Mossadegh said the closure order would stand as long as he headed the government.

Britain's reply invoked an 1857 treaty between the two countries permitting Britain to maintain consulates anywhere in Iran that other powers have consulates.

A similar poll taken at a meeting in Washington a year ago gave Taft 29 votes, Eisenhower 12. Thus Taft is holding his own but apparently Eisenhower has lost strength. These results came in the face of an announcement by Eisenhower that he is a Republican and is available for the presidential nomination, although he has said he will not participate in pre-convention campaigning.

LAST YEAR'S poll gave Stassen four votes, Warren two and one each to the late Senator Kenneth Wherry of Nebraska, and Gov. Thomas E. Dewey of New York.

The current canvass reached 85 members. It showed 42, or almost half, are unwilling six months before the GOP national convention to express an opinion either publicly or privately about their party's nominee.

This obviously left a wide field for campaigning among party officials. They ordinarily wield potent influence on the selection of convention delegations from individual states.

Taft and Eisenhower supporters are prepared to undertake that kind of campaigning at the meeting here. Forty of 56 members who expressed an opinion, said they don't believe any candidate can attain on the first ballot the approximately 600 votes needed for nomination. This seemed to indicate state party leaders felt (1) Taft does not have his claimed majority to strength among the convention voters and (2) there is not likely to be any Eisenhower sweep such as his rosters have been talking about.

## Accidents Show Big Increase

Washington C. H.—the small city with the big railroad complex—had better have a look at its railroad crossings.

This is emphasized by a study of police files which show that accidents at crossings in Washington C. H. increased 300 percent in 1951 over those during the previous year. And the number of accidents—

COLFAX, Calif., Jan. 16—(P)—Rescuers snow plowing through deep drifts pushed within two miles of a blizzard-trapped streamliner Wednesday but still faced much work to reach and bring out 222 stranded passengers and crewmen.

The passengers have been snowbound since Sunday aboard the Southern Pacific's luxurious City of San Francisco. They're in Donner Pass, altitude 7,200 feet. Here's the complicated situation:

A rescue train still has one and a half miles to go to reach a highway where it will pick up the passengers.

A highway crew still must open one and a half miles of No. 20 to reach its nearest point one-half mile—of the stranded train.

The weather was moderating, at least temporarily, and an SP

spokesman said all passengers will walk the half mile to the highway. From there they will be taken by automobile to the relief train, which will carry them the 83 miles to Sacramento.

The SP spokesman quoted Dr. Lawrence Nelson, of Truckee, Calif., who reached the train by dogsled, as reporting all passengers were able to walk to the highway.

He said those made ill—variously reported at 27 to 60—by gas fumes two days ago, had recovered.

The relief train, a Pullman-club car combination, has five or six doctors and several nurses.

Meanwhile, another train started again at daybreak from Norden, 15 miles uphill from the streamliner. It turned back Tuesday night because of mechanical trouble. This

train carries medical supplies, dogs and dog sleds.

As rescuers worked through the night the marooned passengers huddled in the 20-degree chill of the Sierra Nevada winter.

They were wrapped in blankets. Fuel oil for heat ran out Monday noon.

Snow drifted high against the windows. Drifts buried the engine. The streamliner was packed in a tight valley. It was described as beneath a rocky ledge and safe from danger of avalanche.

Only four had made it out from the train. They told a story of cold and chill, and of heroic work by a doctor and five nurses aboard.

They rode out on a snow tractor Tuesday.

The four, all servicemen, still (Please turn to Page Two)

## Taxis too Efficient To Suit This Woman

BEDFORD, Ind., Jan. 16—(P)—A dispatcher for a local taxi company has learned you can be too efficient.

Receiving a call from a Bedford woman, the dispatcher radioed a cab which was within one block of the woman's home. The driver knocked at her door almost as she put down the telephone.

"I'll not ride with anyone who drives as fast as you must have to get here so quickly," the woman said. She refused to leave her house until the company sent another cab.

## Taft's Tale Is False Ohio Governor Says

COLUMBUS, Jan. 16—(P)—Gov. Frank J. Lausche has denied he ever said "after all I did for Bob Taft last year, I don't see why the Tafts would do this to me."

The purported statement by Lausche was in a magazine article about Sen. Robert A. Taft (R-Ohio) and his brother, Charles P. Taft of Cincinnati, who is seeking the Republican nomination for governor of Ohio.

William H. Hessler of Cincinnati wrote in the article which appeared in the Reporter, a fortnightly magazine:

"When he (Lausche) learned that Charles P. Taft was entering the race against him, Gov. Lausche said plaintively: 'After all I did for Bob Taft last year, I don't see why the Tafts would do this to me.'"

In 1950 Lausche did not endorse State Auditor Joseph T. Ferguson, Democratic candidate for senator against Robert Taft. Once during the campaign he told newsmen he might even vote for Taft. Taft swamped Ferguson by more than 430,000 votes.

## Parole Is Delayed In Unusual Case

COLUMBUS, Jan. 16—(P)—The Ohio Pardon and Parole Commission has continued until July a parole application for Frank Diccio of Cuyahoga County. Dr. John School, former penitentiary physician, who performed a dangerous brain operation on Diccio last May, asked the parole.

The brain surgeon contended the operation made Diccio a new man eliminating criminal traits. He said if Diccio stays in prison, efforts to rehabilitate him will be damaged.

Percy Lowry, commission chairman, voted to grant Diccio a parole, but the other board members voted to continue the application. They are Ray Harmony and Lawrence Hackenberg. Diccio is serving time for uttering a check with intent to defraud.

## Fire Losses Here Less Last Year than 1950, Chief's Report Shows

Fire losses in Washington C. H. last year, totaled only \$12,180.61 compared with \$21,536 in 1950. Fire Chief George Hall disclosed Wednesday after completing the report which he filed with the state fire marshal's office in Columbus.

The figures show losses last year were \$9,355.39 under those of 1950. Chief Hall reported 119 fires were made in the city, in 1951 compared with 114 made in 1950.

The heaviest single loss was \$2,000 on the Addie McAdams property, Millwood and Mulberry streets, and the smallest loss was \$3. reported for insurance adjustment. Responding to the alarms it was

found that out of the 119 calls, fires were found at only 101 places and 60 out of the 101 reported no loss. Forty-one reported loss.

Of the total loss, \$7,992.61 was covered by insurance and \$4,188 worth of property was not insured. This means approximately a third of the property was not insured.

A call to Jeffersonville July 20, when the Co-op Grain Elevator burned, was the only out-of-town exist with neighboring towns for mutual assistance.

The firemen received seven calls where people were locked out of their own homes. They gave assistance.

Only one false alarm was answered in the city and one in Union Township, the report discloses.

In addition to the 119 fire alarms, the firemen answered 19 inhalator calls in the city and treated 13 patients successfully. Three persons were dead when firemen arrived and two were not treated.

In Union Township there were 21 fire calls in 1951 and only 15 during 1950.

July and August were the months with the most alarms. This was attributed to the dry condition of grass, etc.

There were 22 calls in the city in July and 26 in August, while in Union Township there were six alarms in July and nine in August, the figures disclose.

No property loss was available for the Union Township fires. The number of runs of all types, for each month of last year, follows:

January, 9; February, 10; March, 16; April, 14; May, 16; June, 6; July, 22; August, 26; Sept., 11; Oct., 10; Nov., 17; December, 18.

Birth of the boy gives the king one of the greatest blessings that can come to a Moslem—a son. Farida's failure to produce a male heir was commonly believed to be the reason for their divorce.

## Egyptians Warn Western Nations

PARIS, Jan. 16—(P)—Egypt warned Wednesday if the U. S., France, Netherlands or Norway sends warships into Egyptian territorial waters in an effort to keep the Suez Canal open, the Egyptians would consider it an act of aggression.

Britain has appealed to those four nations to join with her in helping to keep traffic moving through the strategic waterway.

The arrival of warships from those countries would be considered a violation of the Suez Canal convention of 1888 and would bring an appeal to the United Nations, said Dr. Mahmoud Azmy Bey, Egyptian spokesman.

## Hero Welcome For Skipper

SHANNON, Ireland, Jan. 16—(P)—Capt. Kurt Carlsen started for New York Wednesday afternoon in the Pan-American Clipper Washington. He is due to arrive at Idlewild Airport in New York shortly after 11 p. m. (EST).

A hero's welcome in New York for the skipper of the sunken Flying Enterprise will be held Thursday. A ticker tape reception and a march up Broadway awaits him.

## Two Ohio Truckers Are Killed in Crash

READING, Pa., Jan. 16—(P)—Two drivers were crushed to death in the cabs of their trucks in a collision of three tractor-trailers on the Pennsylvania Turnpike near here during a thick fog Tuesday.

State police identified the dead from cards in their pockets as Robert Lee Chrisman, 23, of Chillicothe, O., and Harold J. Hart, 41, of Akron. Driver of the third truck, Jacob Pritts Jr., 36, of Berlin, Pa., was uninjured.

## Singer To Be Married

NEW YORK, Jan. 16—(P)—Singer Tony Bennett and Patricia A. Beech, 19, of Galion, O., obtained a marriage license Tuesday. A spokesman for Bennett said the couple plans to wed Feb. 11.

## Funds Wanted For Defense, He Tells Congress

**Seven Major Points In Program Laid Out in Message**

WASHINGTON, Jan. 16—(P)—President Truman called Wednesday for a 1952 tax increase approaching \$5 billion by boosting some rates and plugging loopholes.

In seeking new revenue, the president did not specify whether the burden should be added to business, income, or excise taxes or all three.

His annual economic message to Congress forecast the "most difficult" year of the armament buildup, large federal deficits, some civilian shortages but few hardships, and a "precarious" price problem. Mr. Truman fixed two major goals for this "year of strain":

First, a five percent rise in national output; second, one and a third million more men and women at work.

HIS LANT-LIST of legislation was long. It began with a two-year extension of the defense production act; the repeal of "weakening" price control amendments; improved farm price supports; stronger curbs on consumer and bank credit; and so on to a total of a dozen laws.

But the shocker, as far as Congress was concerned, was the president's calm demand for the rest of the "10 billion dollar or more" tax raise he requested last session of which he got only about \$5.4 billion.

"I urgently recommend that the Congress, as a minimum, provide additional revenues in the amount by which last year's legislation fell short of my recommendations," he said.

"This can be achieved by eliminating loopholes and special privileges, and by some rate increases."

The President may be more specific about his tax proposals in the budget message, due next Monday, or in a special tax message later. He was abundantly definite on another point, however—he doesn't want Congress to avoid a tax increase by slashing the spending program. Mr. Truman put it this way:

"A balanced budget, achieved (Please turn to Page Two)

## School Head Cited On Perjury Charge

FREMONT, Jan. 16—(P)—The Fremont school superintendent and four others have been accused of perjury as the result of a hearing on election expenses.

Secret grand jury indictments were revealed Tuesday when they were ordered to post bond.

The superintendent, Urban E. Diener, has headed Fremont's public schools for 14 years.

The others indicted are Carl G. Coleman, a merchant elected to the school board last November; his brother, Paul; and Dorsey Pardo, former announcer for radio station WFRQ here.

Prosecutor Thomas F. Dewey said the four gave conflicting testimony on a \$100 expense item during a hearing of a suit brought by Robert Grayson.

Grayson protested Carl Coleman's election on grounds he filed a false account of expenditures.

## Wilberforce Fire Hurts 11 Persons

WILBERFORCE, Jan. 16—(P)—Eleven persons were hurt early Wednesday when fire destroyed a barracks-type dormitory at Central State College.

The flames routed 52 students about 3:45 a. m.

A nearby teachers' barracks and the home of Raymond Ayesbert, manager of the campus book store, were scorched by the fire.

Firemen did not immediately learn what started the fire. None of the students saved any personal belongings. They dashed to safety in their night clothes. College officials did not estimate the amount of damage.

## Bald Eagle Is Killed

ASHTABULA, Jan. 16—(P)—Authorities are seeking clues to the identity of the shotgun-killer of a bald eagle, symbol of the United States. The eagle, found on L. E. Crofoot's farm, weighed 13½ pounds and had a six-foot, three-inch wingspread. The rare bird is protected by federal law.

## Tax Collection Time Near Here

### County Real Estate Bills Being Readied

The county tax collector's office here today was in the midst of the tedious task of typing out bills for real estate tax payments.

County Treasurer Charles A. Fabb said he added an additional worker to his staff in the Court House Monday to help with the preparation of the bills. She is Mrs. Anna Lee McWilliams.

Fabb emphasized: "We are not ready and will not be ready to collect any real estate taxes until all statements have been prepared and placed in the mail."

He estimated that the statements might be ready to go out sometime between Feb. 15 and 20.

AT THE PRESENT time the office force has received half of the real estate tax duplicate, or two of the four books.

Since the books are set up by geographical locations in the county, it is impossible for the office to send out bills prepared from the two books. Some people own property in two, three or perhaps four scattered townships.

Delinquent sewer charges and ditch assessments must be added to the statements.

Ordinarily, the tax duplicates should be turned over to the county tax collector's office in the fall, so that the statements can be mailed out before the close of the year. The charges are for the first half of the year and are actually due in December of 1951.

## Non Supporter Is Sent to Workhouse

Isaac Bennett, formerly of Washington, C. H., and brought back here from Ripley in custody of Sheriff Orland Hays on Tuesday to face a charge of non-support which had been lodged against him in probate court here a year ago, is in the Cincinnati Workhouse.

Bennett was sentenced to serve one year in the institution, and was fined \$500 and the costs when he was taken before Probate Judge Rell G. Allen.

Deputy Sheriff Roy Underwood took Bennett to the workhouse Wednesday afternoon.

## Train Rescue Near

(Continued from Page One)  
were sleeping this morning at Nyack Lodge, five and a half miles downlope.

That was where rescuers planned to begin taking the 192 remaining passengers if the snowplows could complete a road. There are 30 in the train crew.

One of the two relief trains has plow Pullman and club cars for the passengers. The other carried 12 of the little box-shaped weasels, which churn over the snow on tank-like tracks.

The passengers had ample food, carried in by a public utilities company weasel.

Dr. Lawrence Nelson of Truckee returned from the train and said all but a few had recovered from the gas fumes. He rode a dog sled 12 miles and a weasel five and a half miles to get in.

The four servicemen told how they pushed into compartments to yank victims out for respiration, often having to be rescued themselves.

All praised a Dr. Roehll, who worked tirelessly against the gas. He was believed to be Dr. Walter Henry Roehll of Middletown, Ohio.

## Mainly About People

**Mrs. Irvin Oyer, 428 Gregg Street** entered White Cross Hospital, Columbus, Wednesday for surgery Thursday morning.

**Roman Wright, was returned** to his home in Jeffersonville, Tuesday after being a patient in Memorial Hospital.

**Mrs. Louis Boggess of the Wilson** Silcott Road, was admitted to Memorial Hospital Tuesday afternoon, for surgery Wednesday morning.

**Lewis Sheets was released** from Memorial Hospital to his home, 936 Lakeview Avenue, after being a patient for medical treatment.

**Mrs. Myrtle Dillon of the Lewis** Road, entered University Hospital, Columbus, Monday where she underwent surgery Wednesday morning.

**After undergoing surgery in Memorial Hospital, Mrs. Garrett Ramsey** was discharged to her home, 329 Gregg Street, Tuesday afternoon.

**Albert Smith was released Tuesday** to his home in Atlanta Tuesday, after being a patient in Memorial Hospital, for medical treatment.

**Mrs. William Matson was returned** from Memorial Hospital to her home, 1155 Rawlings Street, Wednesday morning in the Parrett ambulance.

**Mrs. John Coffey and infant daughter** were discharged from Memorial Hospital Tuesday and returned to their home, 416 East Elm Street.

**After being a patient in Memorial Hospital for observation and treatment, Miss Madge Johnson** was released Tuesday to her home in South Solon.

**Philip Brannon was taken from** his home on Bereman Street to Memorial Hospital Wednesday morning, for treatment and returned in the Parrett ambulance.

**Mrs. Arthur Southard was taken** from her home in Good Hope, to White Cross Hospital, Columbus, Tuesday in the Gerstner ambulance for the removal of a body cast and returned.

**Jack Ferguson of Ironton, was taken** to Memorial Hospital Tuesday about noon in the Kirkpatrick ambulance, after suffering fractured ribs in a fall from a load of hay at the home of Leo Gilmore, 517 Third Street, by whom he is employed.

**Daniel Grisso, who has been the manager of the State Theater here** since May 5 of last year, has been named the new manager of the Lyric Theater in Greenfield. He will start work there next Monday. The Lyric is owned by the same

## Concord Turkey Supper Is Held

**Dale Wilson Elected Chairman for 1952**

The Concord Township Farm Bureau turkey supper held at the Staunton school house Tuesday evening, drew an attendance of 115 persons, and the affair was thoroughly enjoyed.

The first Farm Bureau supper was held in the school building in December, 1941, and the event has become an annual one.

The program for the meeting Tuesday night consisted of songs by the Four Vets Quartet, followed by a panel discussion, with Ben Glover as moderator and the following men taking part: Herman Anthony of Greene County; Robert Owens, Jefferson Township, Preston Dray, Marion Township and Clarence Cooper, manager of the Farm Bureau Cooperative Association.

Many interesting questions were presented to the panel.

Thirty-year members were introduced. The following officers were elected for the coming year: Dale Wilson, chairman; Glenn Caplinger, vice chairman; Kenneth Bush, secretary.

Orville Waddle was the outgoing chairman.

## Mercury Drops 33 Degrees Overnight

The abnormally high temperature Tuesday was followed by a drop of 33 degrees during the late afternoon and evening.

The peak Tuesday afternoon was 60 degrees, with a pronounced tinge of spring in the air.

During the night the temperature dropped to 27 degrees.

## Whose Government?

(Continued from Page One)  
forkful of mud when he ordered gravel.

This is the trouble: There are 64 internal revenue collectors and a whole bunch of offices scattered around the country. Mr. Truman wants to cut the 64 collectors to 25.

As it is now the senators can name all 64 collectors—guys that organization which owns the State Theater here.

Mrs. Joseph Tatman was returned from Memorial Hospital to her home, 1004 Millwood Avenue, Wednesday morning in the Parrett ambulance, after being a patient in Memorial Hospital.

Mrs. Delbert Walters has returned to her home, 327 Lewis Street, after spending the past eight weeks at the home of her parents, Mr. and Mrs. George Grinn, while recovering from major surgery.

did them favors or put up dough for their campaign, or something. Anyway, they can name all 64 and the President appoints them for the senators. But under the new plan the senators couldn't appoint even one. All 25 would be regular government civil service people who got promoted to collectors because they been doing good work.

So if the senators OK this idea they'd be knocking themselves out of 64 political friends or political pay-offs. So some of them get a chill.

But I'm not interested in their temperatures or in helping them make political friends. I wish there was some way I could make them listen to just one question:

Just whose government is this?

## New Tax Hike Asked

(Continued from page one)

the easy way by sacrificing the defense program and putting the balance of world power in the hands of the Kremlin, would be false economy."

ONCE THE PEAK of military spending is past—possibly in fiscal 1954—the federal revenues thus bolstered would cover all federal costs, the President said, adding: "It is important that we return, as quickly as possible during the period of defense mobilization, to a current pay-as-we-go basis for government financing."

Mr. Truman's 12-point legislative program evidently was framed with the hazard of inflation uppermost in mind. He called on Congress to:

1. Renew the Defense Production Act for two years beyond June 30, without watering down the priority and allocation power. He asked these major changes:

Elimination of the Capehart and Herlong amendments of last year which, in Mr. Truman's view, "seriously weakened" price ceilings; restoration of full authority to control consumer easy-payment credit; restoration of beef slaughter controls; and a strengthened system of defense loans, tax benefits and loan guarantees to encourage plant expansion.

2. Continue foreign aid, both military and economic; repeal the defense production act ban on the import of certain foreign goods.

3. PROVIDE funds for the newly created small defense plants administration. It lacks money both to build a staff for the aiding of small business, and to take prime

defense contracts and subcontract them to small firms.

4. Approve the St. Lawrence Seaway and power project and some other development projects.

5. Provide for "needed housing and community facilities" in defense areas.

6. Provide for "needed housing and community facilities" in defense areas.

6. Revise the Taft-Hartley Act so it will not hamper "uninterrupted production." Before Korea, Mr. Truman demanded outright repeal.

7. Repeat the "sliding scale" provisions in the farm price support laws; write a "workable" support program for perishable foods; revise the tax on cooperatives to exempt newly organized farm co-ops. The sliding scale formula, officials fear, may work against the desired expansion of grain and other food production. The support price drops from 90 per cent of parity to 75 per cent when production reaches a certain level.

FARMERS, therefore, tend to curtail planting. Parity is a formula designed to equalize a farmer's profits with his expenses.

8. Provide "at least enough additional revenues to reach the revenue goal proposed last year, by eliminating loopholes and special privileges, and by tax rate increases."

9. Give the federal reserve power to increase the funds held as "reserves" against loans, thereby limiting bank lending; also provide authority to curb speculation by controlling margins, or down-payments, on commodity exchanges.

10. Raise Social Security benefits; extend old age insurance to farmers and others; extend unemployment compensation to more workers and enlarge the amount and duration of jobless pay.

11. Approve federal aid to education, both to help meet operating costs and to aid school construction.

12. Authorize federal aid for medical education, and for strengthening local public health services.

You can pay more, but you can't buy

Cattle: Total No. 200; market steady to 30 cents lower than last week; steers and heifers, choice \$28-\$34; utility \$25-\$28; canner and cutter \$23 down; cows: good \$23-\$25; commercial \$21-\$23; utility \$18-\$21; canner and cutter \$18 down; bulls, commercial \$27-\$29; utility \$25-\$27; canner and cutter \$23-\$25; stockers and feeders \$20-\$27.

Calves: Total No. 65; market \$1 higher than last week; prime \$27-\$29.25; choice \$26-\$27; good \$24-\$25.50; commercial \$23-\$24; utility \$22-\$23; cull \$20-\$25.

Sheep and lambs: Total No. 195; market \$1-\$1.50 higher than last week; prime lambs \$31.80; choice \$30.70; good \$30; utility \$27-\$28.50; cull \$20-\$22.50; feeder lambs \$20-\$27.40; aged sheep for slaughter \$8.50-\$16; breeding ewes \$24-\$34.

CINCINNATI LIVESTOCK  
CINCINNATI, Jan. 16.—(USA) — Saleable hogs 3,900; choice 180-225 lbs 19; 225-250 lbs 18.75; 250-275 lbs 18; 275-300 lbs 17.25; few heavier weights 15.50-17; 180-185 lbs 18.50-17; sows 25 lower; in-

stances off more 13.25-13.25; mainly choice 225-250 lbs 13.50-14.75; few stags 12.25; 134 lb feeder pigs 14.

Cattle 450; calves 150; good steer and heifer yearlings 22-31; good and choice 31-50-55; canner and cutter cows 14-20; utility and low commercial beef cows 20-22.50; odd bulls 22-28.50; choice and prime vealers 37-40; utility to good 22-36.

Sheep 100; 90 lb good and choice lambs 30; light lambs down to 25; odd ewes cull to choice quotable 6-14.

COLUMBUS LIVESTOCK  
COLUMBUS, Jan. 16.—(From Producers): Hogs—300; 180-220 lbs 18.75; 220-240 lbs 18.50; 240-280 lbs 18; 260-280 lbs 17.25; 280-300 lbs 16.75; 30-350 lbs 16.25; 350-400 lbs 15.75; 160-180 lbs 15.25; 140-160 lbs 16.25; 100-140 lbs 14.25-15.25; sows 12.50-15.25; stags 1.50 down.

Cattle—steers and heifers: good 30-32; commercial 27-30; utility 24-27; canners and cutters 24 down; cows: good 22-25.50; commercial 21-25.50; utility 19-21; canners and cutters 16-19; bulls 28-31.

Calves—light; steady; prime 27-38; good to choice 34-35; mediums 29 down; outs 17 down.

Sheep and lambs—600; selling at auction.

spite a momentary mid-day dip on the Board of Trade Wednesday. Price ground lost on the short-lived slide was partly recovered later.

Export sales helped wheat. Record chick production was a factor in a steady trend for corn. Oats lagged behind other cereals on fears price ceilings might be imposed. Most soybean contracts had an easier tone, but January held firm.

**CASH GRAIN**  
CHICAGO, Jan. 16 — (P)—Cash wheat: None. Corn: No. 4 yellow 1.69½-92½; No. 5, 1.52-73; sample grade 1.15-56. Oats: None.

## Steel Industry Faces Problems

### Deal with Britain Gets Top Billing

NEW YORK, Jan. 16.—Steel-makers say they now are faced with a triple problem as they try to satisfy everybody.

1. They are to be asked to furnish more steel to our British allies, while American consumers are being rationed further to aid the American defense effort.

2. The new demand comes at a time when the steel mills—recently setting record production marks—are so short of scrap that some furnaces are shut down for lack of the raw material to make steel.

3. Workers are asking for wage increases which the owners contend cannot be met without a price hike, which requires government consent.

The deal with the British, expected to be announced this week, is one of necessity on both sides.

AMERICAN defense chiefs feel this country needs aluminum and tin even more than it needs steel just now.

So the British are going to turn over to us the options they hold on Canadian aluminum—some say almost 50,000 tons. And the British are going to turn over Malayan tin, presumably at a price agreeable to Washington.

In return, the United States will supply London with perhaps 400,000 tons of American steel. This is no great percentage of American production. Last year we produced 105 million tons.

A similar steel for aluminum swap was made last fall, arousing some criticism here.

The new deal, moreover, comes at a time when American steel needs are accentuated by a sharp second-quarter cutback in use of steel for home building, auto production, and for home appliances and other civilian goods, with further unemployment in these industries feared.

But the British need steel even more, they say. Last year, their production dropped 654,200 tons from the year before, and they turned out only 15,638,500 tons. They lay the drop to the scarcity of iron ore and scrap iron. They hope to get more scrap from Germany soon.

The British want the steel, not only for their rearmament effort, but also to make more goods for export in an attempt to reverse the steady drain on their gold and dollar reserves that has brought on another crisis there.

### Sen. Kefauver Silent After Political Spree

WASHINGTON, Jan. 16.—(P)—Senator Kefauver (D-Tenn) talked for 30 minutes with President Truman Tuesday, but declined to say afterwards whether he will be a candidate for President or whether he thinks Mr. Truman will run again. He said:

"We talked about political matters. I will give a definite statement of my intentions about Feb. 1."

That left things just about where they were before Kefauver had his meeting with the President.

### Expansion Is Planned By Ohio Bell This Year

CLEVELAND, Jan. 16.—(P)—The Ohio Bell Telephone Co. plans to spend \$56 million this year to expand and improve its facilities throughout the state.

The largest outlay, \$17 million, will be for the Greater Cleveland area. Other major expenditures will be: Columbus \$7 million, Toledo \$4.5 million, Dayton \$4.3 million, Akron \$4 million, Springfield \$900,000, Zanesville \$660,000, Steubenville \$620,000, Middletown \$590,000 and Findlay \$36,000.

Approximately 25 million cows contributed to U. S. milk production in 1951.

## Board and Room

By Gene Ahern

## C of C Wants Pressure Groups To Halt Demand For Federal Spending

In the face of mounting taxes and demands for "pork barrel" legislation the Washington C. H. Chamber of Commerce Board of Directors has taken an action which its members feel is constructive.

Board members voted a resolution which follows:

"Resolved that the Washington C. H. Chamber of Commerce will refrain from exerting pressure on members of Congress for the appropriation of funds for the benefit of states and local communities, except in the case of emergencies."

A copy of the resolution was mailed Tuesday to D. A. Huley, president of the Chamber of Commerce of the United States. The national headquarters asked all local Chambers of Commerce to pass resolutions which will halt the continued rise in federal expenditures.

In the Tuesday edition of the Record-Herald there was a story from Paul S. Willis, president of the Grocery Manufacturers of America, Inc., that in 1952 the tax bill for each individual will be higher than the cost of food.

C. E. McCauley, executive secretary of the Washington C. H. Chamber of Commerce, reported at a meeting of the board of directors on a meeting he attended.

### Advisors Conference Opens Here Wednesday

A 4-H advisors conference for persons from six counties in this area opened at the Hotel Washington at 10 o'clock Wednesday morning. Advisors were invited from Ross, Pickaway, Clinton, Fayette, Madison and Franklin counties. Albert Cobb, associate county agent for Fayette County, estimated that there would be more than 70 advisors present for the conference.

### 86-year-old Hero Brings Son, 17, To Enlist in Service

SAN ANTONIO, Jan. 16.—(P)—An 86-year-old retired Army captain brought his 17-year-old son to San Antonio Monday to enlist in the Air Force.

The captain, Allen Walker of Laredo, Tex., is the oldest living Congressional Medal of Honor two-time winner.

"It seems to kind of run in the family to be in the military," he said. "My father was a Confederate soldier."

The son, Cecil, will be sworn in Jan. 30.

Two other sons are already in service. Sgt. Servando Walker, 21, recently returned from 13 months service in Korea. T-Sgt. Albino (Bill) Walker is serving with the Air Force in England. Although only 25, Bill has spent nine years in military service.

The elder Walker was first cited for the nation's highest award for valor while fighting Apaches in the Indian War in 1891 near the Pecos river in West Texas. He again was cited for the medal in 1903 in the Philippines.

The Record-Herald, Wednes., Jan. 16, 1952 3  
Washington C. H., Ohio

### Assembly Planned At Y-Teen Meeting

Plans were outlined for holding a special assembly to observe Y-Teen Week in February when the Senior Y-Teen club of WHS met in the Little Theater Tuesday evening.

On the volunteer committee to work out the details for the program were placed Betty Lou Ros-tofer, Nancy James, Joyce Petit and Eleanor Clay.

The meeting was called to order by Marilyn Cunningham, the president, and the roll was called by Barbara Barger.

The singing was led by Nancy Kimmy with Jo Davis the accompanist.

Before adjournment, membership cards were passed out.

Miss Marjorie Evans, the dean of girls and advisor for the club, was present for the meeting.

### Sesqui Meeting Set Here Next Monday

Plans are virtually completed for a general meeting of the county Ohio Sesquicentennial committee.

The meeting will be held Monday, Jan. 21, at 6:30 P. M. in the Country Club Drive Inn on the Greenfield Road.

Ralph R. Penn, chairman of the county committee, said the chairmen and co-chairmen of all committees have been asked to be present. Also slated to be present are the chairmen of the sub-committees of the history of Fayette County committee, headed by Miss Elizabeth Johnson.

Besides reports, there will be an opportunity to offer suggestions of matters concerning the celebration.

### UnAmerican Panel Continues Inquiry

WASHINGTON, Jan. 16.—(P)—Elizabeth Bentley, wartime Russian spy courier, was called by the House UnAmerican Activities Committee Tuesday to trace Moscow's alleged secret "pipeline" to U. S. Communist agents prior to World War II.

Miss Bentley was to testify with Louis Budenz, former managing editor of the Daily Worker and recanted Communist, in connection with the activities of Max and Grace Granich who have been identified as propagandists for the Communist Party in China.

### Sen. Pepple To Run

COLUMBUS, Jan. 16.—(P)—State Sen. Ross Pepple (R-Lima) said Tuesday he will campaign for reelection to a second term.

### Taft in Illinois Race

SPRINGFIELD, Ill., Jan. 16.—(P)—Senator Robert Taft Tuesday was formally entered in the Illinois April 8 Republican presidential primary election.

## Will Congress Act on Problems This Year?

In talking with many different people in Washington C. H., and in brief discussions at some of Fayette County's rural organization gatherings, it is significant to find more than usual interest being exhibited in what the present session of Congress will do.

Many predict that it probably will do very little of anything because this is a year for the big presidential election campaign. Many senators and congressmen will be candidates.

This session may be rather brief because of the number of "political fences" that have to be repaired.

Despite the amount of unfinished business, left over from the last previous session, only a limited number of senators and congressmen will be willing to go on record with a vote on vitally important issues. And that is unfortunate.

Many of the problems facing Congress carry political implications. Many members will want to pass these on to the next session. Maybe some of our foreign relations problems can't be put off.

The treaty with Japan remains to be ratified. More aid to Chiang, and greater cooperation with Franco of Spain will be revived for further debate.

President Truman's demands for the military program may be approved, but appropriations for strictly domestic spending will come in for hard sledding in Congress because of need for economy.

Congress is set against tax increases, and the administration's demand for a budget boost of \$9,000,000,000 may be ignored. The limit on public debt will not be raised by the same token.

Schools in defense areas may get help, as will defense housing. The blind, dependent children, and the needy may get

larger appropriations. Nothing will be done about free medicine, civil rights, and federal aid to education. Stronger laws against corrupt practices and bribery need attention.

With all these matters largely controversial and with political implications, the current session should be one of the most interesting in history. People will be watching.

### Times Have Changed

A dozen years ago there was a minor scandal in Washington because a Congressman had accepted three boxes of cigars from a lobbyist. There was the usual probe, but nothing came of it.

But more concern was caused then by the passing out of a few boxes of cigars than there was later over the wide distribution of mink coats, deep freezes, free vacations at swanky hotels, free plane rides, and all the gratuities which have become popular and widespread in administration circles.

Six-figure retainers from government contractors, commission of \$5,000 on the sale of a single used airplane, are no longer looked upon as breaches of official etiquette.

If gifts of cigars in 1940 were considered a bad practice, how can these later incidents be winked at? Familiarity still breeds contempt. The nation has traveled fast and far from cigars to mink coats and other such "gifts".

Scientist predicts the world will be ice-coated 200,000 years from now. It is to be hoped the Korean ceasefire talks will be terminated before it is put into cold storage.

By Arthur Edson  
(Substituting for Hal Boyie)

## Home Work for Adult Education

WASHINGTON—If the society for the Protection of Parents from School Homework will please come to order, your president will get on with his report.

Frankly, the situation is not good. All over the country parents are tottering under the burden of writing essays on the robin or trying to solve obscure arithmetic problems.

The U. S. Office of Education has no statistics on how many hours parents spend each year on their children's homework.

But a fellow I talked to there said he had a pretty good idea. "Plenty," he said.

I realized I had a potential member of our society. "What is your hardest subject?" I asked sympathetically.

"Latin," he said. "Mine's mathematics," I said. Actually, the real evil behind doing homework for children often has been overlooked.

Moralists have attacked it on the grounds that a child should do his own homework, and not palm it off on his parents.

That may be true. But I suspect the argument often is used by people who can't do the homework, and therefore hide behind their morality.

I think a more honest approach is this: To do a child's home-

work tears down the final shred of respect for his parents' ability.

By the time a youngster is a year and a half old, he has begun to think for himself. If he's smart at all—and they all seem smart nowadays—he has us parents pretty well sized up as frauds who rarely have the courage to carry out the threats we make.

In a few fields, however, the parents linger on as something of an authority. True, as the father of four girls, I have to skulk around the fringes of most conversations at our house.

My opinions are worthless on such subjects as (A) how much lipstick should a 14-year-old wear? (B) how long should a girl's hair be? And (C) are blond boys cuter than dark haired boys? (My girls say blond boys. I'm dark haired myself.)

But in one field I always held my own. If a youngster came in with a school problem, Mrs. E would say sweetly, "take it to your father, dear. He knows everything."

It was simple, for a time. But this year the 14-year-old entered high school and I had to work out various stalls for time.

Such as: "This is something

you should learn for yourself. Look it up in the encyclopedia so that next time you'll be sure to know it."

Last week the inevitable blow fell. My daughter came in with:

"Plane A starts from Airport S at 8 a. m. flying 150 mph. At 9:30 a. m., Plane B starts after A on the same track flying 250 mph. How long will it take B to overtake A?"

"Looks simple," I said, lying hopefully.

Well, I wrestled that problem until algebraic equations covered the living room floor. I mentally flew Plane A from Airport S, and then hurried back and took off in Plane B, until I was air sick.

Finally, hours overdue and given up for lost, I checked in with the answer. Well, anyway, an answer. It was too late. Every-one knew by then that I didn't know any more algebra than a goat.

What has happened to me has happened to millions. So, parents of the world, unite! Join our protective society. Stand firm behind our slogan: "No more homework!"

It's our only hope.

By George Sokolsky

## Americans Do It, Peace or War

It is apparent that the British and the French are convinced that the United States is over-fearful of a general war. Both countries are anxious not to be loaded down with devastating war budgets; both countries are unwilling to contribute too heavily, in manpower, to a European army. Both countries suffer from the surprising effectiveness of Soviet propaganda in their countries.

It is often suggested that as they are Europeans, they ought to know better than we do, whether the Russians are the menace they seem to be.

But what exactly is it that they know? It is that the United States is not withdrawing the divisions of Americans stationed in Europe. That American industry is piling up production, utilizing American man-hours and American raw materials for European defenses; that American airplanes and atom bombs delivered by Americans will be available at whatever the zero hour may be. Two general wars have taught them that they can depend upon the United States, as

the president's speech to Congress continues to indicate.

That they know. And what they ask is that we require smaller contributions from them. The British cannot do much because they are busy in Malaya; the French cannot do much because they are busy in Indo-China. The British require more money because they are having a difficult time keeping up their dollar reserves.

The French complain that it cost them as much in Indo-China as they receive under the Marshall plan, so they really get nothing from the United States because it all equalized. In other words, if it cost the United States somewhere in the neighborhood of \$25,000,000,000 and more than 103,000 casualties in Korea, why not in French Indo-China?

Apparently, that is where we stand with our Allies and it is a bit difficult to grasp what General Eisenhower and W. Averell Harriman and all the bright people who handle our future have been doing in Europe. The experts fill pages with lots of words which do not bear analysis, because when results are measured against statements, the sides of the ledger do not balance. It is difficult to formulate in plain language what has happened.

And we are now assured that there will be no war in 1952. That is what Winston Churchill tells us, and it is a happy statement.

But how do we translate those words into action? Do we stop mobilizing our industry for military purposes? Do we take controls off prices, wages, profits and rents? Do we stop exporting our sons and wealth to Europe? Do we discontinue the mobilization of our sons in armies that do not quite know where to go? What precisely does it mean to us to be freed from the fear of a general war?

Mr. Churchill assures us that 1952 is to be "solid," whatever

that may mean. If it is as "solid" as Churchill says, we have either been misinformed or we are being misinformed. We could use some facts.

Actually, our peril is that we are being isolated by our Allies. They do not want war any more than we do. Probably Stalin does not want war any more than we do.

But again, we have to define war. It is no longer the conventional battlefield at which a field marshal gazes through a spy-glass. It is like feeding heroin to an entire nation. It is saddling the richest and most powerful nation with costs of preparation until bankruptcy results not from war but from the preparation for war: liberty is destroyed not by defeat in war but by the controls and regulations set up during the preparation for war. It is the planned destruction of civilization.

In the end Socialism triumphs and there is no need to be so antagonistic to the ideas of the Kremlin: only the personalities become objectionable. All rulers become Titos!

Winston Churchill does not mean that kind of war, because he is still thinking in terms of marching soldiers and flying planes and diplomacy on a high level such as he experienced at Tehran and Yalta. But Stalin's diplomats are the thief, Dr. Klaus Fuchs, and the wretch, Alger Hiss. His soldiers organize strikes and infiltrate universities. His fliers are the agents who steal plans out of laboratories and pervert government officials, and subvert students still at college.

It is a new type of warfare and it is not the kind of war that Winston Churchill means. And until he tells us that that war is over we are not what he calls "solid." We are in real danger from real causes.

## Laff-A-Day

"A shave, you say? What you need is a haircut on your face!"

## Diet and Health One of Complications Following Childbirth

By HERMAN N. BUNDESEN

Mother-to-be may now look forward to childbirth without the fears of past ages. Childbirth has become much safer in the last twenty-five years. This is due to our growing knowledge of the birth process, better care before and after birth and modern drugs which assist the process and fight infections. Infection and toxemia (poisoning) of pregnancy have become much less frequent.

Hemorrhage after childbirth is also controllable and causes fewer deaths than formerly. Hemorrhage, however, has now become the leading cause of death in childbirth, due to the decrease of other dangers. Hemorrhage after childbirth has not decreased as much as it should, and accounts for almost a third of such deaths.

Hemorrhage Shock  
Death from hemorrhage shock

can be prevented. When bleeding persists after childbirth, it is usually not a sudden gush of blood, but a moderate bleeding, or seepage, over several hours. This slow loss of blood ends in shock and death only if no one becomes alarmed and checks it early enough.

Too often, the slow bleeding is allowed to continue until shock is irreversible and blood transfusions are useless. In many of these cases the patients are so weakened by loss of blood that they have little resistance left.

The modern obstetrician is always on the lookout for this type of bleeding, and has the proper supplies on hand to prevent and fight it.

Any woman about to have a baby should have her blood typed, and blood should be available to her at childbirth. The doctor

## Fayette County Years Ago

### Five Years Ago

Appropriations for Fayette County for 1947 is \$334,259.

A heavy rainfall, totaling .65 of an inch, fell on the county during the past 24-hour period.

New Martinsburg Grange opposes any tax reductions and fewer persons on federal payroll at meeting.

### Ten Years Ago

Car stickers to be sold in seven places in county; date for start of sale not yet definite. New use-tax stamps must be on cars and trucks by February first, however.

\$84,445 city appropriation or-

should also have drugs on hand which he may give to help the womb contract after delivery of the baby and the after-birth.

The after-birth should be carefully inspected in all cases of bleeding, to determine whether any pieces have been left in the womb to cause later hemorrhage.

### Operation Safe

On rare occasions it may be impossible to check the hemorrhage. Even these exceptions need not cause death, however, for it is possible to stop the hemorrhage by removing the womb. This operation has now become quite safe in the hands of a modern surgeon. With up-to-date care and a supply of blood for all women having babies, we have everything we need to cut down the number of deaths from hemorrhage after childbirth.

### QUESTIONS AND ANSWERS

F. M.: Would an inner ear disease cause dizziness and difficulty in vision?

Answer: An inner ear disturbance may cause such symptoms. However, it is more likely that a brain disturbance of some sort may be responsible.

Home-made brooder using an incandescent lamp with 10-inch reflector—on the Paul Ryan Farm, Union County.

One of twenty pig brooder installations using 250-watt infra-red lamps on the Earl Snyder Farm, Clark County.

## MORE live pigs for market ELECTRIC BROODER REDUCES LOSS OF LITTLE PIGS

There's no pork profit in dead statistics. Every little pig saved at weaning time represents an investment of about 240 pounds of feed to the sow. That amounts to a sizable figure when you realize that 4 out of 10 pigs are lost. Little pigs farrowed early enough for finishing during the best marketing season need protection against chill. If the only warm place in the pen is under the sow, some of the pigs are bound to get crushed. When warmth is pro-

vided by an electric brooder, loss of little pigs due to these causes is practically eliminated.

Factory-made electric pig brooders are available, but any farmer can make pig brooders that are both practical and economical. For sound advice on electric pig brooders, see your county agent, vocational agriculture teacher, or your farm representative from The Dayton Power and Light Company.

# Piano Program Wins Applause Of Rotarians

Miss Cancy Campbell Featured at Club Meeting Tuesday

Rotarians and guests were delightedly entertained at their luncheon at the Country Club Tuesday with a short program of piano selections played by Miss Cancy Campbell, talented daughter of Mr. and Mrs. Colin Campbell.

Miss Campbell, a young lady of vivacious and charming personality and a recent graduate of the School of Music at Ohio State University, was introduced by Hoy Simons of the January program committee.

Her first two selections were classical, "The Cat and Mouse" by Aaron Copland, and "Rhapsody in G Minor," by Brahms. Then, showing her pleasing versatility, she graciously asked her audience for request numbers of the popular type.

Responding in this vein, she played "Jet" by Ravel, followed by "Tenderly," "Indian Love Call" and "Begin the Beguine."

At the close of her program she was enthusiastically applauded. Marlyn Riley, vice president, conducting the meeting in the absence of President Ed Moser, complimented her on her choice of program and told her she always would be welcome on a Rotary program.

During the business session birth day greetings were sung for George Steen, Arch Newberry, Joe Peters and Ed Porter.

Donald Howard, student guest from Washington High School for the past two weeks, made a brief talk expressing his appreciation for the privilege accorded him.

## Caution Is Urged By Police Chief

Police Chief Vaiden Long today advised pedestrians that "rain, sleet or snow, is your cue to walk slow."

Wintertime, it was pointed out, is especially dangerous for pedestrians because snow and ice make walking difficult.

In addition, January's short days and the further interference with the driver's vision by rain, sleet, snow or fog can make it almost impossible for the motorist to see a careless, darting pedestrian in time to avoid an accident.

"The pedestrian," Chief Long said, "often fails to realize that the bulk, or the headlights, of an approaching car make it far more visible to him than he is to the driver. On a snowy day or at night the driver may not be aware of the pedestrian until he is right on top of him."

"When you take into account reduced visibility and the three to 12 times greater distance that a car needs for stopping on snowy or icy pavement, the danger to the pedestrian is readily understandable."

"To avoid an accident when you are afoot at this time of the year," he added, "make sure that each step is a safe step."

## Letters To Editor

Jan. 9, 1952  
Casa Grande, Arizona  
Editor, Record-Herald  
Washington C. H., Ohio  
Dear Sir:

This letter concerns the Valley of the Sun. Here summer reigns. Here palms and golden globes of oranges ornament the highways, the streets and the grounds about the homes. Here, dates grow on trees and are very sweet—to an older perhaps sweeter than the kind the high school couple love so well.

The sun shines today in the Valley of the Sun. It shines 365 days a year. In 300 of these days it shines continuously from a clear sky. At night the moon swings through a sea of blue that is a challenge to any artist to reproduce. It can't be done. The air is dry and breathing is easy, lungs dry out, energy builds up and health returns to tired, weakened bodies. Wherever water is used there is greenness and lush growth. Where water is not used desert reigns, but what a beautiful desert! A thousand kinds of living plants adorn it—even though each one carries a sharp spear—for self protection against creatures who would consume it.

Instead of snowballs, there are oranges. Instead of icicles there are thorny green plants that nature has been using for ages to fertilize the soil through chemical action between its bodies and the elements of the earth at its feet. And, in spring time the desert is as beautiful as any place on earth. Here blossoms have the most striking colors—sharp, clear, deep, distinct. The strength of pure mineral elements stored by nature produce these colors as pure and distinct and striking and numerous and varied as anywhere on earth.

These have produced a soil that is more rich than can be found in most any other place in America. All it needs is water. And water is deep in the earth. Man has been somewhat extravagant in its use and now is waking up to this fact: Nevertheless nature has plenty of water. It's only a matter of using his intelligence to devise ways and rules by which it can be conserved and made available wherever soil is found. Don't fear. Nature has plenty of water. The task is to conserve it and use it rightly.

Arizona is the last place in America where a man has a chance to get ahead. Thousands have come from the East, North and South—even the West—to this Southwest area of delight and opportunity. They have here invested their brains, their muscle, their patience, their cash—often times not much of that, and sometimes none at all. Invariably, if they were honest, thrifty, and able to work and no

**Fiery Smarting of minor Burns**  
Quick use of this soothing ointment gives amazing relief. Keep handy. Use also for itch of simple rash, dry eczema.  
**RESINOL**

afraid to do so, they have prospered.

Many have come without a dime and in ten years have achieved a competence. Others have brought a little money and become wealthy—as far as income taxes and reckless federal government expenditure would permit. Often times this in spite of a government that robs its citizens to create a despotism in politics. And, we believe, it is from Arizona that the Spirit of Liberty will arise and drive these tyrants from power; clear Communism and socialism from high places and return America to its place in the halls of freedom and free enterprise.

And so, Arizona has a people that come from every state in the union and from foreign lands. It is rare that one meets a native born Arizonian. Some have been here 40 years, some 20, some ten and some only a year or less. And everyone of them are still full of enthusiasm about Arizona. One young man came a few years ago with only his personal effects. Last year he made a profit of \$10,000 on his cotton farm. Another man purchased 160 acres from a rancher and made a profit of \$20,000 the first year. You can build a home here that will be clean, comfortable, and homey, good looking and give you protection and happiness—for from \$2,000 to \$4,000. You couldn't do it in the East for less than \$8,000. No wonder people who have been here ten years say: "I'm only sorry I did not come out here twenty years ago!" No wonder! They are well, happy and making a good living.

Today cotton produces two to three bales an acre. Other crops in proportion. It is said that three-fourths of a bale pays the cost and makes a small profit. Cotton prices run above 40 cents a pound and there are 500 pounds in a bale. Figure it out. Then, come to Arizona!

(Signed)  
Rev. C. B. Tigner

### Accused Cop Killer

CLEVELAND, Jan. 16.—(P)—Three doctors are going to examine Police Killer George Ross to determine whether he is sane enough to stand trial for murder. Ross' lawyers claim their client shows "abnormal fears of certain everyday normal occurrences." He is scheduled for trial Jan. 28 in the shooting of Policeman Forney L. Haas.

## Hilty Serves on Study Committee

W. J. Hilty, county superintendent of schools, said today he has mailed out scores of questionnaires to colleges and universities in Ohio in connection with a study being made of library course.

Hilty is a member of a committee studying facilities for training school librarians in Ohio. Its chairman is Miss Verna L. White of Akron, and Jason Mitchell of Ulrichsville is the third member.

The study is one of 11 being made by the O. E. A. Education Council.

Supt. Hilty said there is a shortage of properly trained librarians in the state, particularly those with a major or a minor in library science.

A summary of the study will be published in the 1952 annual of the O. E. A. Educational Council Report.

Colleges and universities are being requested to complete the forms and return them to Supt. Hilty at his office in Washington C. H. by Feb. 1.

## Miami Professor Gives Talk Here

Dr. H. Von Haden, a professor in the school of education at Miami University, led a discussion on school supervision and leadership, held Monday night for 18 principals and superintendents employed in the county school system. The speaker talked about 30 min.

## Gun and Indian Relic Collectors Meet Here Sunday

Scores of persons interested in collecting guns and Indian relics will meet here on Sunday upon invitation of the Central Ohio Gun and Indian Relic Collectors Association.

The meeting will be on the third floor of Memorial Hall Building on Court Street. It will start at 10 A. M. and will last until 5:30 P. M.

There will be an abundance of room and plenty of display tables. It is open to the public.

Notices sent out by the secretary, treasurer, Coyt A. Stookey, invited all persons to bring their guns

ites to the group, then held a discussion period, during which the school administrators had an opportunity to express themselves on the subject of school supervision.

Dr. Von Haden said one of the best programs of supervision was one in which everyone participated as a team.

## Her Cooking Gave Him Heartburn!

But TUMS Ended His Gas-Sour Stomach. She was the best cook in town. That was the trouble—he was tempted to over-eat. And ended up with a burning, gassy stomach. But Tums solved his problem. For Tums quickly neutralize excess acid—almost before it starts. Contain no baking soda or other water soluble alkalis to over-alkalize. No acid rebound with Tums. Eat 1 or 2 Tums after meals or whenever distress occurs. Keep Tums handy—eat like candy. Get a roll today!

and Indian relics for sale, trade or display.

The event is expected to attract gun and Indian Relic collectors here from a wide area.

The Central Ohio Gun and Indian Relic Collectors Association was organized here Sept. 30, with Charles Kistling as president, O. O. Bush, vice-president, and Coyt A. Stookey, secretary-treasurer.

The meeting is one of a series planned here and will draw scores of persons from Ohio and surrounding states.

Over 200 invitations have been mailed out.

"IT'S SO EASY TO PLACE A WANT AD."

## Farmer Faces Tax Evasion Charges

Edgar B. Gregory, farmer of near Jamestown, will be arraigned Wednesday in federal court at Dayton, on a charge of filing false income tax returns over a four-year period.

He was indicted on four counts last week.

It is charged his income was \$82,636 during the four years, and that he reported only \$15,181 and paid taxes of \$920.21, when he owed the government \$22,100.31.

## Even Cost of Beer Slated To Go Higher

WASHINGTON, Jan. 16.—(P)—A bottle of beer may cost a penny or two more after Jan. 28.

The Office of Price Stabilization issued an order Monday night permitting brewers, wholesalers and retailers to adjust prices of all malt beverages. OPS said they will average about one cent for a 12-ounce bottle or can of beer.

## Regular Dinner Meeting Of Lioness Club Held at Washington Country Club

The regular dinner meeting of the Lioness Club was held at the Washington Country Club Tuesday evening, and table decorations were snowmen made of popcorn with black top hats, interspersed with snow-covered twigs with place cards of snowmen marking each cover.

The singing of "America," the salute to the flag and the invocation by Mrs. Frank Weade preceded the congenial dinner hour.

Mrs. Neil Helfrich, Lioness Club president, conducted the business session, during which the report of the secretary and treasurer and

the various standing committees were given.

It was decided to sell candy at the Lion's Club Minstrel, February 26, and new projects were discussed for the remainder of the calendar year, which ends in May.

The life history of Lioness Mrs. Walter Rettig was given by Mrs. Robert M. Meriwether and Mrs. Frank Weade gave the life history of Mrs. James McCoy, and the announcement of a director's meeting at the home of Lioness Mrs. Eddie Kirk March 5, was made by the president.

Following adjournment the members enjoyed the games of bridge and canasta, and prizes in bridge went to Mrs. Mac Dews, Sr., high score holder, and Mrs. Charles Reinke, second, while in canasta Mrs. Earl Dunaway received first and Mrs. Gene McLean, second.

Mrs. Will Braun was included as a guest.

The committee in charge of arrangements for the meeting were Lionesses Mrs. Frank Weade, the chairman, Mrs. William Clarke and Mrs. Ray Warner.

## Letter Carriers Auxiliary Meets

The postponed December meeting of the Letter Carriers Auxiliary was held Tuesday evening at the home of Mrs. Archie McCullough.

Mrs. Gordon Davis, president, conducted the short business session, during which the members planned to combine the next meeting on January 22 with a demonstration party at the home of the president, Mrs. Davis.

The meeting was adjourned and the members lingered for a social hour over tempting refreshments, served by the hostess and her assistant, Mrs. George A. Robinson, Jr.

## Olla Podrida Club Entertained By Mrs. Groff

Mrs. John Groff entertained the members of Olla Podrida Club Tuesday afternoon at her home for the regular January meeting.

Mrs. Leland Stevens conducted the business session, which included roll call responded to by nine members who told when their ancestors came to Fayette County, the usual reports and a contribution was made to the March of Dimes.

Mrs. Stevens was in charge of the program and her first paper was on "Early Fayette County History," and each member contributed interesting facts on their early family history, as well as events which took place about the same time.

Mrs. John Groff gave a most interesting paper on the Sesquicentennial held in Greenfield in 1950, which was greatly enjoyed by the members.

Following the program, a social hour followed and the group lingered for visiting over tempting refreshments served by the hostess, with Mrs. Vere C. Foster assisting in the serving.

Mrs. A. O. Riley was included as a guest.

## Mrs. Clifton Is Hostess to Garden Club

Mrs. A. B. Clifton extended the hospitality of her home to members of the Marilee Garden Club Tuesday afternoon for the January meeting and her assisting hostesses were Mrs. Charles Clifton and Mrs. Glenn Smith.

The meeting was opened by the president, Mrs. John Rowland who read the poem "Darkness Before Dawn."

The usual reports were heard and accepted and Mrs. Glenn Smith read a calendar of events which would be interesting to Garden Club members which will be compiled later for the benefit of all Garden Clubs.

Roll call was responded to by members naming of trees whose seeds are scattered by the wind. The program leader, Mrs. Charles Garringer, led in a discussion on the subject "The Blue Garden," and she said in part, in planting blue flowers the first thought must be whether they will grow best in shade or sunny spots, and should be arranged according to the size of mature plants.

Heavenly Blue morning glories on a trellis or fence were discussed as a back ground, and an introduction of small yellow pansies and intensify the blue.

Blue flowers mentioned were: Anemones, brodiaea, larkspur, lace plant, ageratum, and baptisia.

The program was concluded with a showing of scenes from Japan, Hawaii, Australia and other interesting places.

During the pleasant social hour the hostesses served a tempting dessert course with a color scheme of pink and green predominating.

The members viewed an unusual collection of vases bought by the members, and Mrs. Clifton's collection of exquisite antique glass and china.

## Benefit Party Is Sponsored By Club Members

A group of members of the Buckeye Garden Club sponsored a benefit card party at the home of Mrs. Edgar McIntosh in Bloomington Tuesday evening as a means of contributing funds to the club treasury which this group of ladies planned as their project.

Mrs. W. P. Noble was chairman

## New Year's Eve Wedding Is Being Announced

Mr. and Mrs. Russell Archer

Mr. and Mrs. Charles Stevens of Circleville are announcing the marriage of their daughter Virginia to Corporal Russell Archer son of Mrs. Homer Archer 721 Leesburg Avenue and the late Mr. Archer.

The double ring service was performed in the E. U. B. Church in Richmond, Indiana, at 10:10 P. M. on New Year's Eve by Rev. Homer W. Achord.

The bride wore for her marriage a white wool suit with navy blue accessories and her corsage was of red roses.

The wrist watch she wore was a gift of the bridegroom.

The new Mrs. Archer is a graduate of Circleville High School in the class of 1950 and is employed as a bookkeeper at the Wolverine Insurance Company in Columbus and Corporal Archer is stationed at the Marine Base, Camp Lejeune, North Carolina, with two years remaining in his period of service.

of the event, and in addition to

Mrs. McIntosh others on the committee were Mrs. Frank Slager, Mrs. Roy Oswald, Mrs. Hazel Moy, er and Mrs. Glen E. Davis, Sr.

Three tables of canasta and one of Chinese checkers were made

up by the guests and at the close of the progressions the award in canasta went to Mrs. Vere C. Foster and in Chinese checkers Mrs. Fred Oswald was the prize winner.

Later the hostesses served light refreshments to the following ladies: Mrs. Don Thornton, Miss Kathryn Gossard, Mrs. Vere C. Foster, Mrs. Raymond Scott, Mrs.

Charles Allemang, Jr., Mrs. Jean Brown, Mrs. Alma Carman, Mrs. Robert Hughes, Mrs. Frank Andrews, Mrs. Fred Oswald, Mrs. Harry Elliott, Miss Betty Oswald, Mrs. Joe Elliott, Mrs. Leonard Slager and Mrs. Loren Noble.

## 5 doctors prove this plan breaks the laxative habit

If you take laxatives regularly—here's how you can stop!

Because 5 New York doctors now have proved you may break the laxative habit. And establish your natural powers of regularity. Eighty-three percent of the cases tested did it. So can you.

Stop taking whatever you now take. Instead: Every night for one week take 2 Carter's Little Liver Pills. Second week—one each night. Third week—one every other night. Then—nothing!

Every day: drink eight glasses of water; set a definite time for regularity.

Five New York doctors proved this plan can break the laxative habit.

How can a laxative break the laxative habit? Because Carter's Little Liver Pills "unblock" the lower digestive tract and from then on let it make use of its own natural powers.

Further—Carter's Little Liver Pills contain no habit-forming drugs.

Break the laxative habit... with Carter's Little Liver Pills... and be regular naturally.

When worry, overeating, overwork make you irregular temporarily—take Carter's Little Liver Pills temporarily. And never get the laxative habit.

Get Carter's Little Liver Pills, 37¢ at any drugstore today. You'll be grateful the rest of your life.

## HEART ATTACK OR INDIGESTION?

THANK HEAVENS! Most attacks are just acid indigestion. When it strikes, take Bell-am tablets. They contain the fastest-acting medicines known to doctors for the relief of heartburn, gas and similar distress. 25¢.

## Personals

Mr. and Mrs. John Donohue of Sedalia, left Tuesday for a month's stay in Florida, and will join Mr. and Mrs. M. G. Morris in Orlando, who are vacationing there.

Mr. and Mrs. Otis B. Core were business visitors in Columbus, Tuesday afternoon.

Mrs. Willard Story and daughter, Clara, are visiting in Cleveland for a few days, where they are guests of Mrs. Essie Fullerton.

Dr. and Mrs. Fred D. Woollard motored to Cedarville Wednesday to spend the day with Mr. and Mrs. M. J. Williamson and family, and their grandson, Jimmie Williamson, accompanied them after a week's visit at their home.

## Bank Names Same Officers for Year

At the annual meeting of stockholders of the Milledgeville Bank of Jeffersonville, held Monday afternoon, the same officers were reelected for the year.

The directors are: Mrs. O. B. Ropp, Forrest P. Smith, W. W. Williams, Hays Allen, A. F. Ervin, Frank Hidy and Ray R. Maddox.

The board reorganized by reelecting A. F. Ervin president and Frank Hidy vice-president.

Mildred Fent continues as cashier of the institution.

Steaks and chops should never be kept more than two or three days before using, roasts may be stored a little longer time. To store wrap the meat loosely in waxed paper and put in coldest part of the refrigerator.

SHEER WOOL CHALLIS—With the skirt shaped over a white taffeta petticoat—is a 1951-52 resort fashion from Capri Originals' collection. The dress, printed with tiny red roses on white, has its brief sleeves caught with tiny bows on either side of the neckline. The bodice fastens down from the center front.

## Ladies Aid Meets With Mrs. Follis

The monthly meeting of the Ladies Aid of First Christian Church was held Tuesday evening at the home of Mrs. Hubert Follis.

The president Mrs. Ben Norris conducted the business session and the opening devotions which included Scripture reading, an article entitled "God's Plan" and closed with prayer.

The usual reports were heard and contributions were made to the Kentucky Christian College—and the Mountain Mission School at Grundy, Virginia.

It was also decided to sponsor a ham and bean supper which will include the entire congregation of the church.

The president appointed standing committees for the year and the meeting adjourned.

During the social hour, Mrs. Follis was assisted by Mrs. Otis Stookey, Mrs. Ben Norris, and Mrs. Ted Merritt in the serving of refreshments.

Guests included were Mrs. Lee Draper, Mrs. Amy Wiley and Rev. Don McMillin.

# Lions Win Third SCO Game at Wilmington

## Third Win in Row Racked Up By WHS Cagers -- Defense of Hurricane Tough to Crack

The Lions of WHS racked up their third victory in a row and the fourth out of eight games this season at Wilmington Tuesday night when they whipped the Hurricane, 43 to 41, in a rugged and hard-fought game.

And that victory kept the WHS basketballers at the top of the SCO League standing with a record of three wins without a setback at the hands of a league team.

The Hurricane, apparently conscious of the scoring spree the Lions went on to upset Ashland's favored team last Friday, was obviously "up" for this game. A victory would have put the Wilmingtonians right in the thick of the league scramble.

While not throttling its offense, the Hurricane played a cautious game with emphasis on defense. And that strategy paid off—first with a victory but with a close score that kept the Wilmington aggregation on in front until late in the fourth period.

**THE LIONS WERE** trailing by 5 points (21-16) at the end of the half, but closed the gap to 30-28 in the third frame.

In the final period, the Lions managed to force into a slight lead which they held with the help of some unexpected tactics by the Hurricane.

With only 45 seconds to go and the Lions leading 43-41, the Wilmington boys refused a free throw to take the ball out of bounds. Then they "froze" it until just before the buzzer ended the game when a guard let fly with a long shot that missed. Had that heave hit the hoop, the game would have been tied up and forced into an overtime.

The Lions were not hitting with quite the accuracy that they did in the Ashland game, but neither did they get either the set shots or the close-in push-ups. The Hurricane had worked out a tight defense that the Lions had trouble in cracking.

**BOTH TEAMS** used a zone defense most of the time, but so closely did they press it that it verged on a man-to-man setup.

Lloyd Arnold, the WHS pivot, and Jack Rettig, a forward, led the Lion scoring with 12 and 10 points. Arnold was most effective from in front of the basket with hook shots. Rettig got best results

## Millers Swamped By Sedalia Cagers

"They were tail — they kept shooting until the ball went in." That, in a nutshell, is the reason of the Madison Mills defeat at the hands of Sedalia, 107 to 41, according to Delmar Mowery, the Miller coach.

The Miller Reserves took the measure of the Sedalia Reserves in the first game at Madison Mills Tuesday evening. A point in the last seconds of the game gave the Miller Reserves the 45 to 44 victory.

Jerry Stillings, Miller forward, paced the hosts with 15 points while Tom Boganrife, Sedalia forward, led the game scoring with 37 tallies.

Although the game outcome was pretty evident after the first frame when the visitors led 25 to 5, the Millers kept fighting all the way to the end — not letting up once.

by driving through for close shots. Bud Dawson, who ran wild against Ashland, was bottled up by the well-planned defense.

Several of the Lions said they were bothered some by the checked playing floor of the Wilmington gymnasium. But, in the last analysis, it was the pressing defense of the Hurricane that slowed them most.

**THE WHS RESERVES** had a big time in the preliminary as they romped to an easy 44 to 18 victory over the Wilmington Reserves.

Every one of the 14 boys on the squad got in on the fun. Coach Curt Koons was so busy sending in players that at times the scorer was hard put to keep track of them.

Dale Dawson, with 17 points, and Roger Whitley, with 14, set the pace for the WHS outfit. Each of them hit the hoops for seven field goals as their mates "fed" them the ball on the firing line.

The victors controlled the rebounds from start to finish, but what really counted most was the spirit and team work of the WHS aggregation.

## Tax Bureau Shakeup Plan Progress Slow

WASHINGTON, Jan. 16—(AP)—With a 60-day deadline for action, Congress is taking a cool look at President Truman's plan to reorganize Internal Revenue Bureau.

One senator who had talked with several colleagues said "it doesn't seem to have too much support." He asked to remain anonymous.

A member of the Executive Expenditures Committee, Chairman McClellan (D-Ark.), said the group probably will decide Tuesday when to start hearings on the proposal.

The plan can be turned down by a vote of a constitutional majority in either branch—49 votes in the Senate or 218 in the House.

The President proposes to slash the number of internal revenue collectors from 64 to 25 and to put them under civil service with wider responsibility.

These appointments now are subject to Senate confirmation and many of the collectors are named by the President on recommendation of senators.

Unless Congress votes it down, the reorganization automatically becomes effective 60 days after its presentation, which was made Monday.

## AT&T Dividend Down But Net Earnings Up

NEW YORK, Jan. 16—(AP)—The American Telephone and Telegraph Co. has reported net income of \$83,810,000 or \$2.55 a share for the three months ended Dec. 31.

This compared with net income of \$78,553,680 or \$2.76 a share for the comparable 1950 quarter, when the number of outstanding shares was smaller for AT&T, parent comp-

## Quadruplets Come But Twins Expected

NASHVILLE, Ark., Jan. 16—(AP)—A surprised, 38-year-old farm wife, who was expecting twins, gave birth to quadruplets Monday night.

The babies, three boys and a girl, were born to Mrs. Nagai Ponder, the mother of eight other children, in her small farm house 20 miles from Nashville.

Dr. M. D. Duncan said he was just as surprised as the mother. He also was looking for twins.

Mrs. Ponder didn't have much to say when she came out from un-

der the anesthetic. Dr. Duncan said her only remark when told she had given birth to four babies, "I was expecting two."

It was a different story for her husband, Leonard Ponder, 41.

Accompanied by three women neighbors, Ponder drove to a Nashville hospital with the babies. He drove the auto; the women carried the infants.

Ponder reported to the night nurse on duty with these words: "I've got four little babies and they're all mine."

The infants were placed in incubators. They have not been weighed. A hospital attendant said they were doing well.

## Republicans To Conduct Active Campaign Here

Young GOP Club Drafts Plans for Lincoln Day Fete

The Fayette County Young Republican Club plans to stage a Lincoln Day potluck dinner here Feb. 12, it was revealed at a meeting of the executive committee Tuesday night in the probate court room.

The Lincoln Day Dinner will kick-off the 1952 election year and provide the impetus for what Republicans here think will be one of the most critical and busiest election years in history.

Since the older Republicans are not planning the traditional Lincoln Day Dinner, a large turn-out of GOP leaders is expected for the get together.

Indication are that both the young and older Republicans are shying away from pre-primary endorsements, except in races where the candidates are unopposed.

**CONSIDERABLE DISCUSSION** was held about the selection of a speaker, and the pros and cons of having a candidate speak who is entered in the primary race for nomination were discussed. The majority sentiment seemed to be that a speaker should be chosen who is not an opposed primary candidate.

The committee discussed the possibility of getting young Republicans in the 21 to 31 age bracket interested in Republican activities and decided to make some efforts along this line.

Harold Finley, newly named chairman of the county Republican executive committee, told the group that it had a big job ahead becoming a force in the new Sixth Congressional District.

Tom Mark, president of the Young Republican Club of Fayette County, and Chink Davis, vice president, presided over the meeting.

Arrangements will be made immediately for a speaker and a place for holding the Lincoln Day Dinner.

Another meeting for the purpose of electing officers will be held in April.

Those present at the meeting included the following: Mrs. Clyde Cramer, Mrs. Eloise W. Johnson, Mrs. Willis Coffman, Mrs. Robert Wilson, Mrs. Robert Minshall, Chink Davis, Jim Perrill, D. E. Wood, Judge Robert Brubaker, Neil Hercules and Tom Mark.

## Gibson Still Leads Weight-Losing Race

Don Gibson is still wearing his galluses as his waistband keeps shrinking with his diet.

And Bob Terhune is moaning about being thirsty. "I just can't stay away from that water," he said.

The two hefty, who started two weeks ago to lose 25 pounds apiece by Feb. 22, weighed in Wednesday noon at the Record-Herald commercial printing department as per their agreement in their weight losing contest.

When they started, Terhune weighed 286 and Gibson 248-for easy figuring Gibson's extra quarter of a pound has been dropped.

**NOW, AFTER** two weeks of careful dieting, Terhune weighs a mere 275—a loss of 11 pounds in two weeks.

Gibson has done a little better. He is down to 233—a loss of 15 pounds.

During the first week, Terhune lost 8 pounds and Gibson 11 pounds. If either, or both, fail to lose the agreed 25 pounds, it means a public tap dance at the Lions Club minstrel to be put on at the high school auditorium three days after the deadline.

Both of the dieters insist this is not a publicity stunt for the

minstrel, that the tap dance penalty was an afterthought.

The reducing, they say, is just a matter of good health. Their dieting is on a scientific basis and under the supervision of their physicians.

Salads, mostly fruit and lettuce, are the mainstays of the menus followed by both. But they also are taking limited amounts of lean meat, eggs and a few selected vegetables.

Terhune said after the second week that he had set a schedule designed to lose half a pound a day. They both admit the last few pounds will be the hardest to get rid of.

## County Courts

### CASE DISMISSED

The divorce action of Leo J. Cormier against Donna Cormier has been dismissed upon agreement of the parties to the suit.

### WILL PROBATED

The Lloyd Iden will, executed Nov. 8, 1951 and witnessed by Otis B. Core and Frances F. Core, has been probated.

The document leaves his estate, inherited from his father, share alike, to his three children, Elizabeth Lee Iden, Oliver L. Iden and George R. Iden, and his farm of 264 acres in Paint Township, to his wife, Grace Iden. All other property is also given to his wife, who is made executrix of the estate.

### J. M. WILLIS WILL

The will of J. Madison Willis has been probated, and bears date of Oct. 25, 1950. It was witnessed by Miss Marie Melvin and Joseph H. Harper.

Half of all real estate is left to his daughter, Mrs. Gretchen W. Jefferson, during her lifetime, and then passes to his granddaughter, Doris Jefferson, in fee simple.

The other half was left to his daughter, Mrs. Doris W. Parrett, for life, and then to testator's grandson, J. Willis Dick, in fee simple.

All personal property is to be divided equally between his two daughters, granddaughter and grandson. J. Roush Burton was named executor of the estate.

### ERNEST N. FOUT WILL

Bearing date of October 5, 1951, the will of Ernest N. Fout has been probated. John W. Case and John P. Case witnessed the document.

Mr. Fout left his property in equal shares to his daughter-in-law, Mrs. Grace Ella Fout and granddaughter, Mary Waneta Fout, and left his automobile to his granddaughter, Mrs. Grace Ella Fout was made executrix of the will.

### ADMINISTRATOR NAMED

Willis P. Winkle has been appointed administrator of the estate of Emma Wilson Waters and furnished \$17,000 bond.

Maud C. Coil and Margaret I. Briggs have been appointed administratrixes of the Jesse C. Coil estate.

### APPOINTED GUARDIAN

Lillian A. Trueblood has been appointed guardian of Robert Eugene Smith, and furnished \$10,000 bond.

### APPOINTED EXECUTOR

John H. Jefferson has been appointed administrator of the William F. Jefferson estate. No bond required.

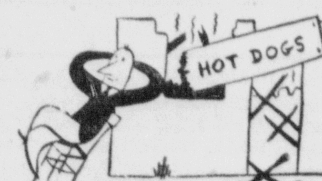

### Intoxicated Driver Draws \$100 and Costs

Fred A. Cotterman, 40, Wilmington, picked up here by the police for being in physical control of a motor vehicle while intoxicated, drew a fine of \$100 and costs in municipal court, Wednesday morning.

Walter S. Stout, Sr., 51, Columbus, on a charge of running a red light at Temple and Fayette streets forfeited a \$15 bond posted for his appearance.

## Now you Know!

The answers to everyday insurance problems \* By Leonard Korn and Dana Hyer

**QUESTION:** A business friend of mine tells me that he has a fire insurance policy which will pay him for loss of earnings if his business property is so damaged by fire that he can't keep operating. My fire policy doesn't have any provision of that kind and I'd like to know what it is called and how to get it.

**ANSWER:** That form of protection is called "Use and Occupancy" insurance and it can be added to almost any standard fire insurance policy. An additional premium is required.

\*If you'll address your own insurance questions to this office, we'll try to give you the correct answers and there will be no charge or obligation of any kind.

## Bloomington Still Without Use of Its Gym

Completion of Building Held Up By Heating Unit

From all reports Bloomington won't be able to use its new high school gym this year.

The reason is that a heating system originally planned for the building was not approved by the state.

And plans for using natural gas heating received a blow when it was discovered that because of certain restrictions on new gas heating units there was no natural gas available.

Heat has become an important item in the construction of the gym. It is needed to dry out the wood floor, which has not been laid as yet.

It will be necessary for an additional room, to house the heating unit, to be added to the gym structure.

**RECENTLY** the board advertised for bids for a heating unit, and one was received from Herb Wilson. If the gas burner is put in it can use either liquid gas or natural gas.

When it is first put into use liquid gas will be employed, then as the natural gas is made available it probably will be converted to the use of natural gas.

The gym structure has been completely enclosed; front and inside doors have been hung; the spouting has been installed, and the front sidewalks have been laid.

The gym floor will be laid over a sub floor a few inches above the concrete base. Plans call for the gym to seat about 800 persons when completed.

A meeting may be held by the board next week to take action on the bid submitted by Wilson.

### SURRENDERS

CHILLICOTHE—Bobby L. Rose, who was missing from a dairy detail at the Federal Reformatory, has surrendered after hiding in a woods near the dairy.

## Card of Thanks

We wish to sincerely thank all our neighbors and friends, who so kindly assisted us, in any way, during our recent fire loss.

It is beyond words to express our heartfelt thanks.

## Will Pay Tribute To James A. Ducey

With flags of the city to be flown at half-staff Thursday, honors will be accorded James A. (Red) Ducey, formerly with the U. S. Marines for more than 30 years, and Fayette County's most decorated soldier in World War I.

Funeral services will be held at St. Colman's Catholic Church at 9:30 A. M. Thursday, and the casket will be moved on a caisson instead of in a funeral coach, if present plans are carried out by the Veterans of Foreign Wars.

So far as is known it will be the first time a casket has been moved here on a caisson.

A military escort will accompany the body to the church and to the cemetery, and military honors will be carried out at the cemetery.

### PLANT OWNER DIES

JACKSON—Leland Arthur, owner of the Zero-Hot Deep Freeze plant here, is dead.

## Wayne FB Group Holds Meeting

Turkey Supper Is Greatly Enjoyed

The Wayne Township Farm Bureau Council turkey supper was held Monday night, and Billy Dunn was elected chairman for the year. Other officers chosen were: Keith Garringer, vice - chairman, and Mrs. Wilbur Hoppes, secretary-treasurer.

Paul Pope was the chairman in charge of the meeting, and the women of the Farm Bureau unit prepared and served the delicious turkey dinner.

A piano solo by George Garringer opened the meeting.

Albert Cobb, associate county agent, gave a brief talk, illustrated with charts, on the farm outlook for this year.

He said the general outlook is good, and that the net income would be more during the year than last year. He said there was a definite trend toward self ownership of land in the county, and that the average increase in value of land in Fayette County was 20 percent, compared with a national average of 17 percent in the U. S. Thurman (Dusty) Miller of Wilmington was the main speaker of the evening, and his address was greatly enjoyed. His topic was "Attitude toward life," and he used a quotation of King Solomon "As a person feels in his heart, so he is."

He said one of the most essential things in life is the kind of a citizen you are in your own community. Miller also said the big question for 1952 is "What are we going to do to keep this democracy?"

Longtime members of the Farm Bureau who were introduced included: Glenn Smith, Homer McCoy, Verne Wilson, Sam Hoppes, Art Clifton, Frank Rothrock, Wash Lough and Hugh Smith. The tables for the turkey dinner were decorated with snowmen and winter scenes by members of the Twin Oaks Garden Club.

**207 ARRESTED** LONDON—Police here made 207 arrests during 1951, which is considerably below the number made in most cities the size of London. Only 18 intoxicated drivers were arrested.

### BUDGET APPROVED

CHILLICOTHE—Council has approved the new city budget of \$751,859 which includes \$347,000 for the general fund.
